from the rear seat - - -

Well, here we are almost into February. How's your New Year's Resolutions holding up? Mine fallen by the wayside. I haven't broken any headlights of high beams or misaligned low beams that blast my rearview or hit my eyes head-on. I haven't let the air out of the tires of the guy (or gal) who turns right, after signaling left or swings left to make a right turn (vice versa on both), so, Welcome to the Club. Maybe, next year!

Now that SGR has won our 1986 award, this doesn't mean that there is no such thing for '87. As our Intrepid Carfoolist says, "...other than Phil-Mont related...." "...loud objections..." etc.,. Let's hear it! If it is unprintable, we'll take Editorial/Poetic license and print the printable.

OLD BUSINESS

THE BLURB
30 YEARS AGO
FEB. 1957

New Phil-Mont certificate to be sent as acknowledgement of working the required number of Phil-Monters. Foreign stations must contact 25 members; USA stations - 35 and PMRC members - 50. W3NIP will inscribe the names on the parchment certificates.

Spence will look into building a trailer to carry the 3kw generator.

THE BLURB
15 YEARS AGO
FEB. 1972

Sam's corner depicted the FCC removing the call WA3CNI from its rolls ... W3JGB will soon be back on 10 meters in anticipation of a new PMRC repeater ... W3VVS's "channel 1" receiver is still out of commission ... W3QZD's antenna was hit by lightning last summer, and he has been waiting for heavy snow so he can repair it!

For sale: 5 watt Walkie Talkie on 29.493.

Continued from page 4

Alternatives to be considered include installation of the station at Penn's Landing, the use of the SARC van parked where accessible to visitors, or obtaining an office or a similar site. The possibility of a link to W3TKQ was also noted. Steve White will survey in the near future the prospective location for RFI.

An effort is to be made to have the affiliated clubs make tentative commitments to operate the station for selected periods between May and October.

The procedure for referral of interested visitors to appropriate area clubs is to be formalized. A number of special events in this area connected with the Constitution 200 years were reviewed.

Fred Levin, WB3FFW, from the Holmesburg club, reviewed the Thanksgiving parade activity. Should the present sponsorship continue, it is expected that amateur participation will again be requested. Fred will obtain brief reports from as many participants as possible, to be assembled in a written critique.

The data base of counsel delegates and affiliated clubs is being assembled.

The listing of VE sessions and classes is still in progress; its urgent need was affirmed by several present who are active in the VE testing.

The next meeting is scheduled for the third Monday in January (19 January 1987).

Notes by K3TX, Dave Heller of the Penn Wireless club.

(K3PHC has agreed to be PMRC's representative at DVCARC. -ed)

THE PREZ SEZ KA3BET

Welcome to 1987! Phil-Mont has a new (well, almost new) slate of officers who have begun to serve you and are looking for your help, suggestions, advice or whatever else you have to offer.

According to the same law that grants us the privileges of being amateur radio operators, we are to act for the safety and welfare of the public, i.e., public service. During the year, Phil-Mont is requested to assist various organizations with communications for just such a purpose. These activities include Paddlerama for the Scouts, National Disaster Medical Services drill as practice for disasters, marathons, half-marathons, Jog-a-thons for various charities and others. As a club, the participation by Phil-Mont has ranged from disappointing to dismal. These events are great opportunities for all of us to get involved, meet other people, provide a needed service to others, show the general public that we do more than screw up their soap operas, etc. Besides, they can be fun. Hams are a very gregarious bunch of people who can (and do) have fun doing almost everything. So, for the next event that comes up, join in and do a service for yourself, your club, amateur radio in general and the public.

Phil-Mont performs other "public service" functions also, even though they basically serve the radio community. These include the Volunteer Examinations, code practice over the repeater, maintenance and operation of Mo-Com (our mobile emergency communications vehicle), etc.

Let's get the spirit back into the club and have a lot of participation by more members. Talk to those who are already involved and find out how much fun you can have for little money.

Happy 1987!

After a short nutritional break, W3LKI introduced Chet Hendrickson, Meteorologist In Charge of NOAA for South Eastern PA and NJ. Mr. Hendrickson gave a very informative slide presentation on modern weather forecasting and the related tools of the trade. DELAWARE VALLEY COUNCIL OF AMATEUR RADIO CLUBS
Minutes December 15, 1986

Steve White, WA3IAQ, of the Suburban Amateur Radio Club (SARC), reported at length his contacts with the Park Service people regarding the special events station location in the visitor's center. Problems appear to center about one individual, and primarily concern existence and location of antennas and the possibility of RFI with various installations in the building.
